Track

HUGE R/C Circuit is an on-road indoor facility with an asphalt surface. The race track size is 60 x 30 meters. The arched roof is 7 meters high at the sides and 10 meters high in the middle. Suitable for both EP and GP on-road car scales including 1/8, 1/10, 1/12. The 18-meter-long drivers stand ensures adequate space and comfort for every driver.

The roof is made of metal sheeting with 20% transparent material providing adequate natural daylight during the day. Extra lighting is not normally required during the day but with the covered circuit and lighting this ensures an all weather track that can be used to race on into the evening if required with no rain delays.

The Facilities are divided into three main buildings. First building consists with pit area, R/C stores, food / beverage. Second building consists of 8 VIP rooms with air con, 18 meters long driver stand, Time keeper control room, Car inspector area, 4 toilet rooms each male and females and also one bathroom each. And the third building has 7 VIP rooms with air-con.

In the first building, 6 R/C stores are available for all players and visitors who are interested in R/C. There is NO SMOKING in the Pit & Paddock area and also Driver's Stand. Smoking is allowed only outside the building on the smoking areas. The paddock areas is 15x25 meters with tables and chairs. This area can support 150 drivers in case we need more we can put more tables and chairs on the drift track. Air Compressor and water sink for cleaning up your body shell and chassis is also available here.

The second building with 8 VIP rooms is for racers who are interested in renting and who want to sit in cool air either daily, monthly or yearly. The HUGE long driver stand could allow players to choose their perspective to be properly enforced.

A 3x4meters car inspector area and same size of time keeper room. Also press rooms are on this building

Third building, 7 big VIP rooms were created for driver who needs private area separate from race track. We have a couple of air-con room available from now until the event for all the Team or racer to rent. Please contact us as soon as possible for reservation.

Car park, we have parking space in front and also lot of space behind the track with a total of more as 1200 square-meter with asphalt/cement surface to park the car. This could be accommodating approximately 100 cars.

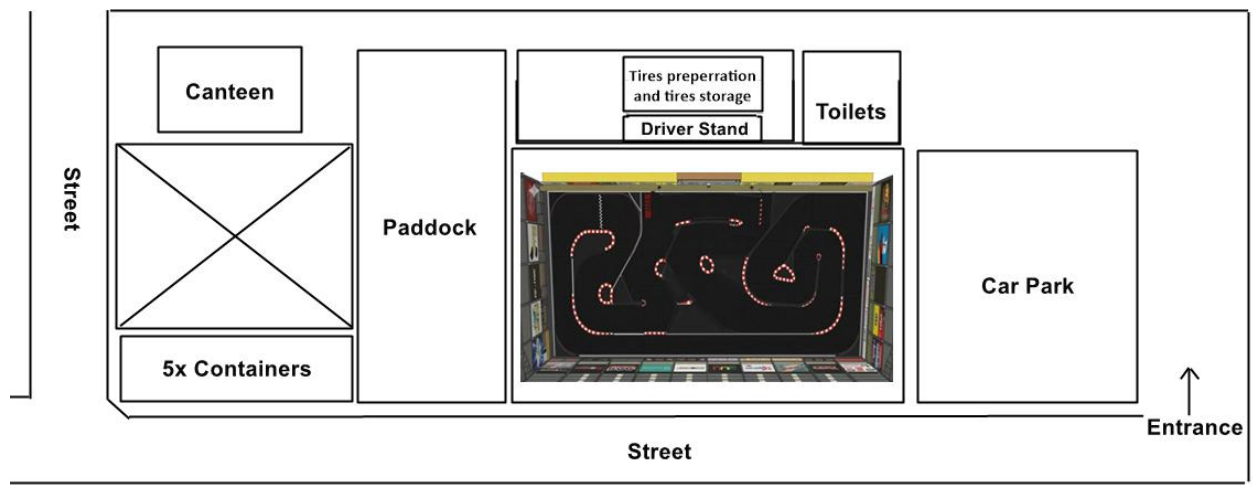

Containers:

We are pleased to open reservations for 5 air-conditioned containers, available for teams or groups requiring additional comfort and convenience. Please contact us as soon as possible for reservation.

Track Map:

Rules

Race will follow the latest IFMAR Rules. Check the IFMAR webpage for updates on Bodies and Battery / Motor list.
